Phillip Miller, Fire Chief
Windsor Charter Township Fire Department
300 W. Jefferson St.
Dimondale, MI 48821

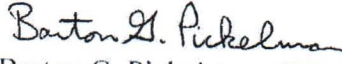

Dear Chief Miller,

Please accept this letter as sincere appreciation and recognition for your continued support for onsite training of MIOSHA employees at the Windsor Charter Township Fire Department. The generous offer to allow MIOSHA to utilize your facility to train our staff on how to conduct compliance inspections related to Part 74, Firefighting is of great value. The ability for MIOSHA's new compliance officers to see the different fire apparatus and equipment used in the fire service helps them to understand the variety of hazards firefighter's encounter.

Assistant Chief Bill Fabijancic, Jr. is also a tremendous help showing required documentation including preplans, department training and monthly apparatus/tool inspections. The opportunity for our employees to visit and conduct the training is done while you continue to provide professional emergency services to the residents of Windsor Township and surrounding communities.

Thank you,

Joseph Bantau, Senior Safety Officer
MIOSHA – GISHD
