Windsor Township Emergency Services
300 West Jefferson Street,
Dimondale, MI 48821

Dear First Responders of Windsor Township Emergency Services,

I would like to personally thank your department for your service to this state by responding to and assisting with the mass shooting at Michigan State University during the evening of February 13th, 2023. Your bravery and selflessness are admirable, especially during those frightening hours MSU students, faculty, and staff endured on and around campus while under the shelter-in-place order.

On behalf of the entire 76th House District, thank you for your swift call to action and for your willingness to fulfill your duties to protect your fellow Michiganders from harm. I know the entire Eaton County community and the State of Michigan is deeply grateful for all of your efforts that evening that undoubtedly helped to bring the dangerous situation to an end.

Once again, thank you very much for your service and sacrifice for this state and for your fellow Michiganders. I am very proud to represent such an astounding group of public servants here in Eaton County.

Most Sincerely,

Angela Witwer
State Representative
76th House District
